Система **Ergon Living** є інноваційною системою до дверей, яка дозволяє краще використовувати простір в залежності від потреби, двері працюють у дві сторони.

Завіси **Pivotica** дозволяють монтувати двері без коробки. При цьому вісь обертання можна зміщувати.

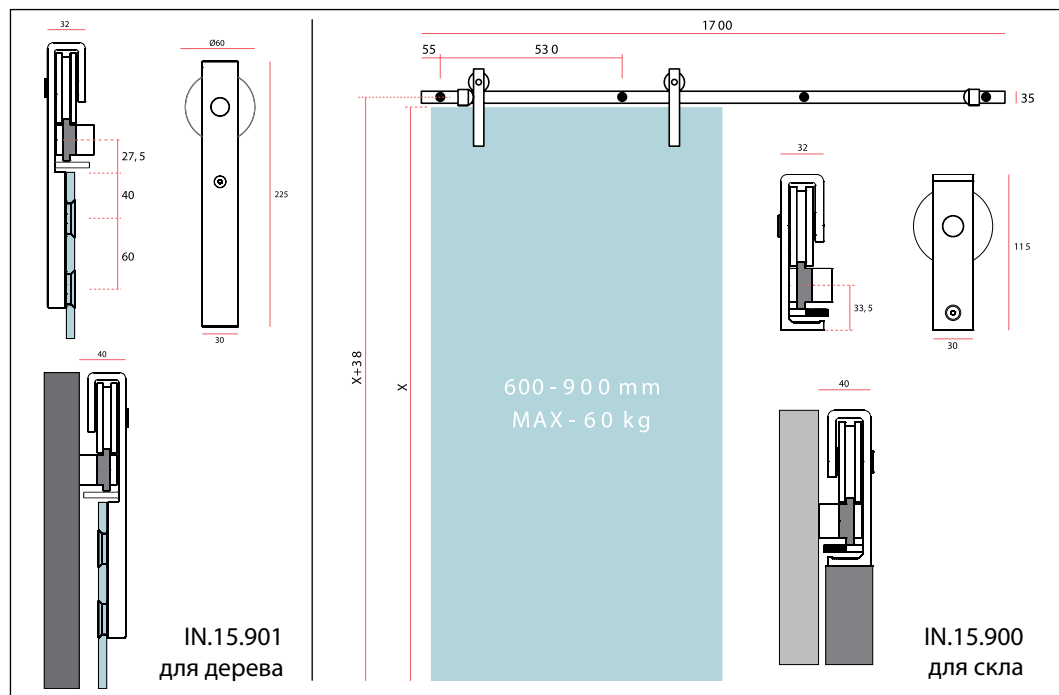

Нова «невидима» розсувна система – виняткове рішення для дерев'яних та скляних дверей. Це інноваційний, запатентований механізм, в якому верхня і нижня направляючі приховані. При відкритих і закритих дверях механізм залишається невидимим.
